Preschool Mandarin Kids Program Summer Camp 2016

We are happy to offer an outstanding Mandarin Immersion Summer program to 3~4 year old children. The morning session of this program takes place from 9:00am to 11:30am. The first day of summer camp is on June 13, 2016 and the last day of summer camp is on July 22, 2016. Please note that there is no school on Monday, July 4, 2016 due to the Independence Day holiday.

CLF Mandarin Kids program is designed to encourage language acquisition. Young children are surrounded by messages in Mandarin Chinese that communicate interesting, relevant information. Teachers carefully plan group lessons in which students are involved with concrete, hands-on activities. Teachers will model the language, inviting children to imitate phrases, respond to questions, or even initiate comments in Mandarin as they participate in the activity. We also use in-door and out-door games to provide a structured setting for children to practice of common social and conversation. Songs, rhymes, and many more are integrated into our thematic context of instruction.

Through this six week program, students will explore three topics: Magical Weather, Summer is Fun, and I Love Picnics.

6/13~6/24: Weather is like a magic to children. This unit explores rain, sunshine, snow storms and more.

06/27~07/8: Summer is a time of joy for most children. It is filled with exciting new adventures and games for kids to play. This unit will focus on the happy, fun-filled games that we can play together during summer time.

07/11~07/22 Picnics are a big event to children. They have so many things to prepare, so many places to go, and so many games to play during picnic time.
